

Agricultural and Food Economics

| | |
|------------------|---|
| Hochschule: | Rheinische Friedrich-Wilhelms-Universität Bonn |
| Abschluss: | Master of Science |
| Dauer: | 4 Semester |
| Beginn: | Wintersemester |
| Bewerbungsfrist: | 30. April |
| Lehrsprache: | Englisch |
| Inhalte: | The Master study program provides you with the necessary knowledge and skills for analysis and development of economic activities and related policies from fork to food, i.e. along the value chain from production on farms, via processing and trading, up to the consumption of food. Active learning by participating in research projects is part of our curriculum. The program has achieved an internationally outstanding position in the field of mathematical modelling and information systems as well as communication in food chain management. |

Voraussetzungen:

- Bachelorabschluss in einem themenrelevanten Studiengang mit mind. 42 CP in Mikro- und Makroökonomik (auch die Abschlussarbeit) und mind. Note „2,5“
- Sprachnachweise Englisch (C1-Niveau)
